

Step Families An Introduction

Are you... challenged by blending families

Would you... like helpful information to better support your family

If so... this course is for you

Growing a stepfamily presents a whole array of challenges that are different to those found in a biological family. This workshop is based on research that highlights some of the more helpful ways of forming and living in this new family.

This workshop will cover:

- Stepfamily myths and how they might affect our experience
- Stepfamily Lifecycle Stages - changes from honeymoon to commitment
- Stepfamily complexity - no two stepfamilies will be the same
- How parenting in a stepfamily is different to parenting in a biological family
- The needs of the children
- The needs of the parents
